1. Turn on TV, Deck A and Deck B.
2. Put TV on channel **3**.
3. Deck B must be switched to **VCR**; using the **TV/VCR** switch located on Deck B control panel. *Note: a blue screen will appear on monitor when VCR is switched.*
4. Place your Source tape in Deck B and place your blank tape in the Deck A. Press the appropriate button to which format you want the video recorded in. (PAL, SECAM, etc.)
5. All other controls are preset and do not need to be altered.
6. Press Play on Deck B and Record on Deck A (*again located on Deck A control panel*).
